

BED REDEFINER

Keep Flower Bed Edges in Shape!

The BRD-280 Bed Redefiner is ECHO's latest revolutionary product. Flower and mulch bed edges erode over time and need to be redefined. The old way to redefine the edge was to use a shovel - tough, time-consuming work. With its powerful 28.1 cc engine, the BRD-280 cuts a crisp, beveled groove up to 7 TIMES FASTER than a shovel along the turf edge, leaving a professional, manicured finish. ECHO's Bed Redefiner is backed by a 5-year consumer and 2-year commercial warranty.

ECHO Bed Redefiner Features and Benefits

- A** Tool-less air filter cover for easy access
- B** 2-stage air filter for improved filtration and long engine life
- C** Digital ignition system for easier starting
- D** Purge bulb for easier starting
- E** Ergonomic throttle handle with rubber over-mold for comfort and handling
- F** Ergonomic adjustable front handle for a custom fit
- G** Engine vibration-reduction system for operator comfort
- H** Large, adjustable support wheel for consistent cutting depths
- I** Cast aluminum debris shield combined with high-impact nylon shield for reduced material kickback
- J** Patented six-finger steel blade with brazed carbide tips for durability and performance

FIX BED EDGES
7X FASTER
THAN A SHOVEL!

BED REDEFINING: ECHO vs. Shovel

BRD-280 = 1,920 ft. per hr.
 Shovel = 250 ft. per hr.
