RESPONSIBILITY OF ECHO INCORPORATED

ECHO® Incorporated, for itself and all subsidiary, parent or related companies (collectively, "ECHO"), warrants its new equipment manufactured and sold worldwide, to be free, under normal use and service, of any defects in manufacturing or materials for one (1) year or 3000 hrs commencing on the date on which such equipment is invoiced to the original purchaser or the date on which such equipment is first put into service, whichever occurs first; provided that (1) Seller receives written notice of the defect within thirty (30) days of its discovery and Buyer establishes that (i) the equipment has been maintained and operated within the limits of rated and normal usage; and (ii) the defect did not result in any manner from the intentional or negligent action or inaction of Buyer, its agents or employees. If requested by Seller, Buyer must return the defective equipment to Seller's manufacturing facility, or other location designated by Seller, for inspection, and if Buyer cannot establish that conditions (1)(i), (1)(ii) and (2) above have been met, then this warranty shall not cover the alleged defect.

Seller's obligation and liability under this warranty is expressly limited to, at Seller's sole option, repairing or replacing, with new or remanufactured parts or components, any part, which appears to Seller, upon inspection, to have been defective in material or workmanship. Such parts shall be provided at no cost to Buyer, FOB Seller's parts facility. If requested by Seller, components or parts for which a warranty claim is made shall be returned to Seller at a location designated by Seller. All components and parts replaced under this limited product warranty become the property of Seller. This warranty shall be null and void if parts (including wear parts) other than genuine OEM Seller parts are used in the equipment. Accessories, assemblies and components included in the Seller equipment, which are not manufactured by Seller, are subject to the warranty of their respective manufacturers. Normal maintenance, adjustments, or maintenance/wear parts including, without limitation, friction plates, glass, clutch and brake linings, filters, wire rope and paint, are not covered by this warranty and are the sole maintenance responsibility of Buyer.

SELLER MAKES NO OTHER WARRANTY, EXPRESS OR IMPLIED, AND MAKES NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE.

No employee or representative is authorized to modify this warranty unless such modification is made in writing and signed by an authorized officer of Seller. Seller's obligation under this warranty shall not include duty, taxes, environmental fees, including without limitation, disposal or handling of tires, batteries, petrochemical items, or any other charges whatsoever, or any liability for direct, indirect incidental, or consequential damages. Improper maintenance, improper use, abuse, improper storage, operation beyond rated capacity, operation after discovery of defective or worn parts, accident, sabotage or alteration or repair of the equipment by persons not authorized by Seller shall render this warranty null and void. Seller reserves the right to inspect the installation of the product and review maintenance procedures to determine if the failure was due to improper maintenance, improper use, abuse, improper storage, operation beyond rated capacity, operation after discovery of defective or worn parts, or alteration or repair of the equipment by persons not authorized by Seller.

Parts Warranty: Seller warrants the parts ordered from Seller's parts department to be free of defect in materials or workmanship for a period of 90 days after whichever one of the following occurs first: (i) the date on which such part is invoiced to the original purchaser, (ii) the date on which such part is first put into service or (iii) the balance of the remaining new equipment warranty. With respect to parts ordered from Seller's parts department which are no longer covered under this limited product warranty because of lapse of time or usage, Seller warrants such parts to be free of defect in materials or workmanship for one (1) year after such parts are shipped from the factory. **NO TRANSFERABILITY OF WARRANTY:** This warranty is limited to the original Buyer or original end-user if sold to a distributor and is not assignable or otherwise transferable without the written agreement of Seller.

KUBOTA® ENGINES ARE NOT COVERED BY THIS LIMITED WARRANTY AND ARE WARRANTED AND CONDITIONED SEPARATELY BY THE MANUFACTURER OF THE ENGINE.
